

Getting Started

Congratulations, and thank you for activating your artist membership on artspecifier.com. This page will show you how to upload your images, update your contact information, and get your artwork found.

Step 1: Log In.

-Make sure you are logged to artspecifier.com. Click Login, and input your user name and password.

-You will see your username in the top right corner of the web page. For this example the name is New Artist.

Step 2: Upload Photos of your work.

-Click on the Artist Gallery Link.

-Click on Create Album.

Photo Gallery

gallery home what's new top rated upload image search create album my gallery

- Name your Album Title. For this example, I chose to name the album, New Album.
- Determine how you would like the photos of your work to be sorted.
- Provide a full description of your album. Describe the type of art you create, what materials, and styles you use, etc. The more you describe your albums and photos, the easier it will be for your work to be found on a search.
- Select "No" on both questions below. Selecting "Yes" will allow photos to be uploaded into your album from other members.
- Click Create Album.

Photo Gallery

- Select your Album. For this example, I had named my album, New Album. Only your album should appear.
- Click the Choose File Button, and upload an image from your computer.
- Name the image. The best names will be descriptive of your art piece.
- Include a caption, describing your image. The more information you have here the easier it will be to find your art in a search.
- Click the box certifying that you own the rights to the image you are uploading.
- Click the Upload Image button.
